

H1-2026

Embedding sustainability across business through responsible governance, environmental stewardship, social impact, and innovation.

## We are embedding ESG Across the Bank

Turning ambition into action, JKs ESG Strategy (2026-2028) serves as the Bank-wide framework for embedding sustainability into governance, risk management, operations and decision making. Built on four strategic pillars, it translates strategic priorities into measurable outcome.

## Financing the Transition to a Sustainable Economy

We are mobilizing capital to help our customers and communities transition toward a more resilient, low-carbon and inclusive economy.

## Pioneering Sustainable Banking

Following the successful issuance of Jordan Kuwait Bank's First Green Bond, the Bank launched its **second Green Bond** in partnership with IFC, mobilizing up to USD **100 million**

**First bank in Jordan to receive:**

## Transforming Capital into Impact

### Green Bond I impact achievements:

## Demonstrating Strong ESG Leadership

## Partnering for Greater Impact

Our journey continues through strong partnerships built on a shared vision for sustainable development.

## Empowering Inclusive Growth

2026-2028 Priorities:

- Lead sustainable banking in Jordan
- Drive low-carbon transition
- Strengthen climate resilience & ESG risk
- Creating lasting community impact
